

AND JUSTICE FOR ANIMALS PODCAST

CAPTAIN PAUL WATSON: ON HIS NEW BOOK, *DEATH OF A WHALE*, AND HOW TO BE A FEARLESS ACTIVIST!

SHOW NOTES:

Captain Paul Watson is a Canadian American Marine Conservation Activist who founded the International Direct Action Group, *Sea Shepherd Conservation Society*. He and Sea Shepherd became household names through Animal Planet's hit show, *Whale Wars*, where we got an in your face look at the murderous activities of the whaling industry.

For decades Captain Watson has dedicated his life to protecting all animals, especially marine mammals, and he does not shy away from controversy.

In his new book, *Death of a Whale*, Captain Watson faces his most personal conflict yet when he and other anti-whaling activists find themselves at odds with Native American tribal rights.

Conservationists, eco-warriors, whale protectors and supporters of indigenous traditions as well as anyone who loves a good story will find themselves enthralled by his new book.

This episode is good for **AGES 12 AND UP**.
